

MEMORIAL CARILLON

ALFRED, Jan. 11 (AP)—A 35-bell carillon that includes 13 bells made by Peter Hemony in 1674 will be erected on the Alfred university campus this spring as a memorial to President Emeritus Boothe C. Davis and his wife. Dr. Lloyd R. Watson of the Alfred faculty, announcing its purchase, said all the bells were from municipally-owned carillons in Belgium, sold because their destruction was feared in the event of another war.
